STANDARD FEATURES

- Step into the platform, no climbing
- Intuitive to operate - turn the handle to elevate
- Patented lift mechanism, no power required
- 'Auto-lok' brake on elevation
- Lightweight, easy to manoeuvre
- Small footprint
- Unlimited lift cycles, can be used 24/7
- Robust design for years of trouble free service
- Minimal operational costs, virtually maintenance free

IPAF Category **PAV**

Do you hold a valid operator's licence?

The Powered Access Licence (PAL) Card is recognised worldwide as proof of platform operator training to the highest standard.

It is issued by the International Powered Access Federation (IPAF) to platform operators who successfully complete a training course at an IPAF approved training centre.

Quick checklist for employers and operators using powered access machines:

- ✓ **I have an IPAF PAL card.**
- ✓ **Date is still valid (Licence expires after 5 years).**
- ✓ **All categories for the machine's being used are listed on the PAL card (e.g. 3a, 3b, PAV).**

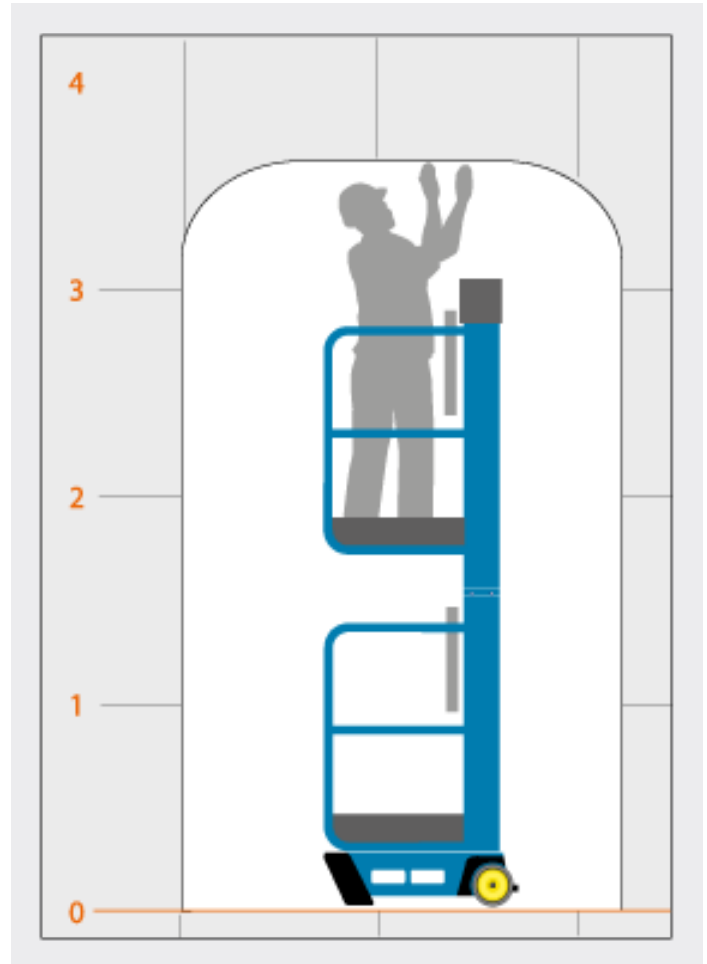

If you can answer yes to all three, you're good to go!

If not, please call us to discuss your requirements and arrange a training course.

Pecolift Low Level Platform

Dimensions	Pecolift
Work Height	3.50m
Platform Height	1.50m
Basket Dimensions	0.70m x 0.60m

Specifications	Pecolift
Lifting Capacity	150kg
Maximum Manual Force	200 N
Maximum Gradient For Operation	0 degrees
Maximum Wind Force	Internal use only
Maximum Wheel Force	125kg
Maximum Castor Point Load	125kg
Sound Pressure Level	<70 Dba
Weight	180kg
Lift Cycles	Unlimited

Special features

- The Pecolift can reach the working height of 3.50m in just 11 seconds
- It's easy, fast and efficient to use and is manually powered. The platform has no batteries to charge and works by turning the handle
- The Pecolift is much safer than more traditional methods such as climbing steps or podiums that can cause slips and trips to both the user and those around them
- As well as an impressive working height you are also able to stop wherever you want up to 3.50m, making the platform flexible for various tasks
- You're always safe and fully guarded in the basket from the ground up. The Pecolift is also incredibly low maintenance due to the fact it is a manually powered platform.
